Turbo Wookie   github.com/turbowookie/turbo-wookie

Turbo Wookie is a collaborative jukebox; a group of people can start up a Turbo Wookie instance, share the address amongst themselves, and build a playlist that they'll be able to listen to concurrently.

java-httpserver   github.com/dkuntz2/java-httpserver

A HTTP Server written in Java. Our goal was to give developers an easy to use API to create a RESTful web server using Java.
